STREAMIN³ FUN IN CLASSROOMS!

DECEMBER 2021

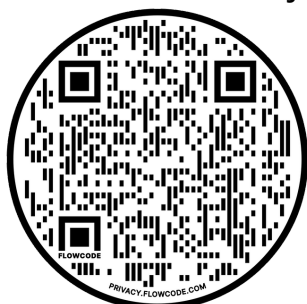

The STREAMin3 Curriculum is an integrated, intentional, interactions Curriculum developed at the UVA's Center for Advanced Study of Teaching and Learning (CASTL). The STREAMin3 Curriculum provides a structure for teachers to support children's development and learning through daily activities and games that maximize the moment-to-moment interactions between children and their teachers and peers. This curriculum focuses on 5 core skills that form the building blocks for learning: relate, regulate, think, communicate, and move! Children learn to relate with peers and adults while learning to regulate their emotions, attention and behavior. The curriculum also encourages communication with others productively while teaching children how to move their bodies to achieve goals. The STREAMin3 Curriculum also incorporates 6 STREAM Skills: Science, Technology, Reading, Engineering, Art, and Math. These STREAM Skills help prepare children for success in Kindergarten and beyond. The Obici Healthcare Foundation has provided the funding for The Children's Center to implement STREAMin3 in 5 of our classrooms. We are in our third year as a pilot program implementing STREAMin3.

AMAZON WISHES COME TRUE!

OCTOBER 2021

In October, every teacher created an Amazon Wish List that included their top 5 items they would love to have for their classroom on Amazon. We shared these lists to Facebook and our website. Donors can purchase items from the wish list and it will be shipped directly to the center they are purchasing for. Donations have been steadily coming in and the children are enjoying their new items!

GIVING TUESDAY SUCCESS!

NOVEMBER 2021

On November 23, 2021, The Children's Center participated in GivingTuesday, a global day of giving where communities and organizations come together to celebrate generosity and raise money for nonprofits all over the world.

This year, The Children's Center's GivingTuesday campaign was focused on raising funds for a new community outreach program. This program would directly assist recruiting efforts and support families by keeping our centers and classrooms open.

This program will allow us to partner with local school districts and community colleges to provide informational sessions on careers in early childhood education in an effort to hire and retain quality child care teachers and staff. The program will allow us to connect with prospective teachers and community partners while spreading awareness of the overarching lack of preschool teachers in Virginia.

Our goal was to raise \$1,000 and we surpassed it by raising \$1,430! Thank you to all who donated! Your donation allows us to continue to nurture and educate children and their families!

SPECIAL VISITORS IN FRANKLIN

AUGUST 2021

On August 30, 2021, the Children's Center welcomed Congressman Robert C. "Bobby Scott" of the third congressional district to the U. S. House of Representatives today to visit with Ms. Becky's class at our Texie Camp Marks center in Franklin. They spent time discussing favorite colors, shapes, books and the importance of high quality early childhood education. We also welcomed Franklin Mayor Frank Rabil and Franklin City Manager, Amanda Jarratt. The Children's Center appreciates the partnership of a community supporting young children and their families.

DONOR RECOGNITION

AUGUST 1, 2021 - NOVEMBER 30, 2021

We embrace the community as our partner in serving children. Donations help make our programs stronger. The Children's Center extends many thanks to the good friends who have made donations between August 1, 2021 and November 30, 2021.
